Education

University of Mumbai   Mumbai, IN
Bachelor of Science (Information Technology)   April, 2014

Experience

Karma Management Global Consulting Solutions Private Limited   Mumbai, IN
Senior Software Developer   November 2024 – Present
- Led development of enterprise applications (WeChecked, WeProcess, Karma Website), delivering compliance, workflow, and corporate solutions.
- Managed cross-functional teams of 3–6+ members across Golang, ReactJS, PHP, design, and SEO disciplines.
- Designed and optimized backend architecture and APIs, reducing response time by 30% and improving system scalability.
- Implemented CI/CD pipelines and Agile sprint processes, streamlining development and deployment cycles.
- Enhanced website UI/UX and SEO, improving page load efficiency by 40% and overall site performance.

Neosoft Private Limited   Mumbai, IN
Senior Software Engineer   October 2022 – July 2024
- Developed and deployed large-scale performance management systems (Fundly, Indian Bank PMS Tool) using PHP, CodeIgniter, MySQL, and Oracle.
- Led and mentored a 7+ member team of developers, DBAs, testers, and designers to ensure timely and quality project delivery.
- Collaborated with UI/UX, QA, and product teams to deliver high-quality modules ahead of deadlines.
- Enhanced application performance and security through optimized SQL queries, caching, and JWT-based authentication.
- Ensured seamless integration and scalability across multi-module enterprise applications.

Wharfstreet Studios Private Limited   Navi Mumbai, IN
Senior Software Engineer / Tech Lead   August 2020 – September 2022
- Led development of major international projects (Epiko Regal, SpaceIZ – London, UK) with teams of 14–25+ members.
- Mentored 12+ developers across frontend, backend, and QA to ensure project delivery excellence.
- Directed architecture, design, development, and deployment activities for multiple concurrent projects.
- Implemented Agile Scrum methodologies, improving productivity and sprint efficiency.
- Identified bottlenecks and optimized workflows, ensuring timely and high-quality project delivery.

Learningmate Solutions Private Limited   Mumbai, IN
Software Engineer   August 2019 – February 2020
- Developed and integrated RESTful APIs using PHP (Laravel) for backend operations and data synchronization.
- Managed feature enhancements, client requests, and sprint deliverables in an Agile Scrum environment.
- Optimized server-side performance, improving scalability and response efficiency by 25%.
- Participated in Agile sprint cycles to ensure timely delivery aligned with client expectations.

Webelement Solutions Private Limited   Mumbai, IN
PHP Programmer   April 2018 – August 2019
- Led development of Housevisors (USA) and RJIA – Retail Jeweller India Awards (India) using PHP (CodeIgniter) and AdminLTE.
- Designed and implemented backend systems, admin panels, and reporting modules for enterprise applications.
- Integrated multiple payment gateways including Stripe, PaySimple, and CCAvenue for secure transactions.
- Collaborated with clients to gather requirements and translate them into functional workflows.
- Optimized server-side code and MVC structure to improve application efficiency.

Rudralife   Mumbai, IN
PHP Developer   October 2015 – March 2018
- Developed and maintained backend applications and websites using PHP and MySQL.
- Built promotional microsites for marketing events and integrated multiple payment gateways.
- Streamlined server-side performance through caching and MVC optimization.

Geecon Systems Private Limited   Mumbai, IN
Associate Software Engineer   September 2014 – May 2015
- Maintained and enhanced core software systems and database structures.
- Implemented client-side validations using JavaScript to improve UX and data accuracy.
- Created optimized SQL scripts for data imports and transformation processes.
